- E Senior home
- F Horse stables
- G Market
- H Citizen Center Building
- I Horse race track
- J Track public entrance
- K Elementry School

People relax with a coffee a few steps from the Green Line bunkers. The park was built to renew the border zone, but the division is still right there.

Border zone

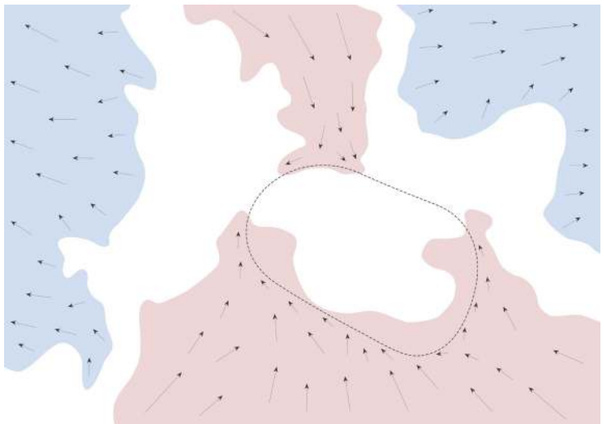

Where rain can flow into the race track

- water flows toward the track (156m+)
- flat, roughly level with the track (155m)
- water flows away from the track (-154)
- Track edge blocking and redirecting water flow around
- Water permeable surfaces
- Greenery
- Border

Greenery and permeable surfaces

Where elevation allows rainfall to flow

Walking distance to local amenities and parks

Proximity to ammenities — Proximity to parks

- Local amenities
- Parks and green space
- Hard boundary, can’t see through
- Soft boundary, can see through
- Entrances

Ⓐ Crossing to the market and park, no crosswalk
